Smooth Flavor from the First Puff to the Last

Al Fakher has built its reputation on creating rich and memorable flavors. The E-Hore 60K continues that tradition by delivering balanced taste and consistent vapor throughout the life of the device.

The advanced mesh coil heats the e-liquid evenly, enhancing flavor clarity while producing dense, smooth vapor. Whether you enjoy fruity blends, refreshing mint profiles, or classic combinations, every draw is designed to remain satisfying.

Rechargeable Convenience

Unlike many standard disposable devices, the [Al Fakher E-Hore 60K](#) features a rechargeable battery that allows you to make full use of the e-liquid inside the device.

Benefits include:

- Longer usable lifespan
- Consistent battery performance
- Less interruption during daily use
- Convenient USB Type-C charging
- Reliable power delivery

This combination of rechargeable technology and high puff capacity makes it an excellent choice for users seeking convenience and value.

Smart LED Display

The integrated LED display provides useful information while you vape.

It helps you monitor:

- Battery level
- Remaining e-liquid status

This feature eliminates guesswork and allows you to recharge the device when needed, ensuring a smoother vaping experience.
